

Water treatment

water by nature hydration by Kinetico

For over 40 years, Canadians have trusted Kinetico to deliver the most effective and long-lasting water treatment solutions. All Kinetico systems are powered by moving water-not electricity-which means they're incredibly reliable, low maintenance and designed to deliver worry-free operation for years, and all are backed by industry-leading warranties.

modern appliances work better

Kinetico water is free from chlorine and hardness minerals making cleaning easier using less detergent. High-efficiency appliances work better and are spared from scaling and premature failure.

fresher, longer-lasting laundry

Kinetico non-electric water softeners give you soft water all the time, saving you money while keeping your clothes cleaner and brighter, longer.

invigorated bodies & spirits

Kinetico drinking water solutions remove impurities, giving you free-flowing, great-tasting water limited only by your family's thirst for a healthier lifestyle.

a cleaner, healthier environment

Kinetico's non-electric, on-demand solutions bring you all the clean, soft water you need with less energy, less softener salt and without the plastic bottles.

the Kinetico difference

Our water experts put their very best thinking into designing water treatment products that remove just about everything from water that isn't water. Kinetico has a solution for every budget and water challenge that is guaranteed to supply your home and family with great water for years to come.

All Kinetico softeners, filters, and drinking water systems are:

- **Superior Patented Technology:** Our non-electric high-flow systems operate with watch-like precision for years of dependable service. Enjoy the "hands free" operation, never again having to touch or set dials.
- **Tailored to You:** All the water in your home receives the care it deserves. You have the choice to customize your water as you want it to be based on personalized solutions that will resolve the issues specific to your home and lifestyle.
- **Highly Efficient:** Kinetico softeners are up to 70% more efficient than typical softeners, and with our precise volumetric metering and on-demand operation you'll know that not a drop of water or gram of salt is ever wasted. Kinetico drinking water systems give you an unlimited supply of drinking water at your fingertips, with never any plastic bottles to throw away.
- **Reliable:** All our performance claims are independently tested and certified by third-party laboratories, and we offer long manufacturer's warranties with coverage you won't find from our competitors. Improving the quality of your water is important to you, and giving you the confidence that you've made a wise decision is important to us.

How we work

As a valued Costco Member you get a free water audit (a \$100 retail value) from Kinetico, Canada's Water Experts.

What does this include?

- Review of plumbing lines, fixtures, water using appliances
- Complete home water analysis*
- Review and recommendation of solutions
- Basic installation is included in your price

All work is only done by a Kinetico Water Specialist to exceed industry standards. Please allow 1 to 3 weeks for delivery and installation direct to your home or business.

*Contact your Kinetico Water Specialist for a complete list of tests included. Some restrictions apply.

For a FREE in-home consultation*, call 1-866-496-2032 or visit Costco.ca.

* There is no charge for the consultation if you live within 40 km of a Costco warehouse. If you are outside our service range, you will be notified if a service charge is applied. Services may vary by location.

The call centre is owned and operated by an independent third party. Information provided to the call centre will only be collected, used, shared, disclosed and stored in accordance with Costco's privacy policy, which can be found at Costco.ca. Personal information collected by Costco may be stored by Costco in the Costco warehouse where you shop, at our Canadian Head Office in Ottawa, Ontario and in Issaquah, Washington. Information provided to the call centre may be stored in Montreal, Quebec, Dallas, Texas and Houston, Texas.
