

Preliminary

Aleratec 1:21 USB Flash Drive Copy Cruiser™
USB Flash Drive Duplicator
Part No. 330104

The innovative new Aleratec 1:21 US Flash Drive Copy Cruiser™ duplicates up to 21 USB flash drives at once. The 1:21 USB Flash Drive Copy Cruiser is a simple, fully integrated unit that connects to your PC with only one USB cable. The Aleratec USB Duplicator Software Suite is a robust, full featured package with a job wizard that guide you in selecting parameters and functions such as Copy Only, Format Only, Format and Copy, Verify, Format, Copy and Verify, Image Copy, Format, and Verify, Create Image and allows you to select the number of copies needed. During a copy job the software displays the number of copies completed successfully.

SOFTWARE FUNCTIONS

Copy - The copy function duplicates the source to the selected target USB flash drives

Format - Formats the selected USB flash drives

Verify - Examines the target USB flash drives can be read correctly after copying

Format and Copy - Combines the Format and Copy functions together. After formatting the copy function will automatically start.

Copy and Verify - Combines both the Copy function and the Verify function together. After the copying verify will automatically start.

Format, Copy and Verify - Combines all three functions together.

Image Copy - Copy from image file to target USB flash drives

Image Copy and Verify - This combines the Image Copy and Verify functions together.

Format, Image Copy and Verify - This combines the three functions together same as Format, Copy and Verify.

Create Image - This function allows users to create an image file from any USB Flash Drive for use with image copy
