

SR-DE103

## Microcomputer Controlled/ Fuzzy Logic Rice Cooker

### Attractive, Compact Design

Fits on your kitchen counter or dinner table for convenient service.

### Domed Lid Design

Helps prevent accumulated water droplets from re-entering the rice.

### Easy-to-Read Display

A quick glance tells you the cooking status.

### Advanced Fuzzy Logic Technology

Adjusts power & cooking time automatically for precise and consistent results every time.

### Pushbutton Lid Release

No need to manually lift the lid when your hands are busy with other things.

### Keep Warm Feature

When cooking is complete, the unit automatically switches to Keep Warm Mode and rice is maintained at the perfect temperature.

### 8 Pre-Program Control Panel

Lets you select up to 8 pre-programmed cooking options.

### 24-Hour Preset Timer

Timer lets you control cooking start time so fresh-cooked rice is ready when you are.

Menu Options	
Rice Only	Other
White	Steam
Brown	Slow Cook (3 hrs.)
Sticky	Cake
Quick Cook	Porridge

### Inner Lid

Inner lid allows for easy cleaning.

### Detachable Power Cord

Remove the power cord for tidier storage or when serving rice right out of the cooker.

### Included Accessories

Rice Scoop, Measuring Cup, Steaming Basket
