Optical Gaming Mouse

FOR MORE POWER. MORE CONTROL. MORE LOOT.

Customizable controls right where you need them. Programmable profiles and lighting for easier gameplay. Simple setup. It all adds up to your perfect first gaming mouse that helps you cast heals faster, tank bosses better and make your damage rotation more efficient than ever.

9 programmable controls
Move keyboard combo commands to mouse buttons so you can perform actions faster and easier.

Compact and comfortable
Ambidextrous, sculpted shape and compact design feels comfortable in either hand so you can play longer.

3 onboard memory profiles
Save profiles* to the mouse once for gameplay on different computers and assign lighting colors to easily see which profile you're using.

Gaming-grade optical sensor
250-2500 dpi sensor accurately tracks slow and fast hand movements on a wide variety of surfaces.

Built to last
Durable long-life buttons tested to 10 million clicks.
