1 cup all-purpose flour
1 teaspoon kosher salt
1 teaspoon garlic powder
1 teaspoon onion powder

1/2 cup whole milk
2 cups Panko breadcrumbs
1 large head cauliflower, cut into florets
1 1/2 cups ranch dressing

Cheddar Scallion Biscuits

INGREDIENTS

2 cups all-purpose flour
2 teaspoons baking powder
1/2 teaspoon salt
1/2 cup (4 ounces or 8 tablespoons) cold unsalted butter, cut into 8 pieces
1 cup shredded cheddar cheese
1/4 cup cooked crumbled bacon

In a large bowl, whisk together the flour, baking powder, and salt. Cut in the butter with a pastry cutter or use your fingers until the mixture is crumbly and looks like small pebbles.

On a lightly floured surface, knead the dough lightly, about 3-4 times. Roll the dough to 3/4-inch thickness. Using a 2 1/2-inch round cookie cutter, cut roughly 9 biscuits (you may have to gather up the scraps and roll out again).

Add some of the biscuits to the fry basket without overcrowding. Select the Bake Setting, increase the temperature to 350 degrees F and adjust the time to 20 minutes or until golden brown. Once time is up, carefully remove the biscuits. Repeat until all of the biscuits are baked.

Divide the batter among the ramekins and wrap completely in foil. Poke holes in the top of the foil for ventilation.

Place two ramekins in the fry basket. Refrigerate the remaining two ramekins. Set the temperature and time to 310 degrees for 25 minutes or until the tops are firm to the touch with a slight jiggle when shaken. Carefully remove with tongs. Repeat with the remaining two ramekins.

Cool completely then refrigerate at least 4 hours or overnight. Serve with whipped cream and fresh fruit.

Monkey Bread

INGREDIENTS

1 10.2 ounce container canned biscuits
2 tablespoons unsalted butter
¼ cup milk
¼ cup brown sugar
¼ cup cane sugar
½ teaspoon ground cinnamon

DIRECTIONS

In a small saucepan combine the butter and milk and cook on medium-low heat until the butter is melted and set aside.

In a small bowl mix together the brown sugar, cane sugar and cinnamon.

Cut the biscuits into quarters and roll into rounds. Dip the dough ball in the butter/milk mixture and then roll in the cinnamon sugar.

Next place the sugar coated dough in either a mini bundt pan (4 inches in diameter or 3 cup capacity) or a 6 inch springform pan with a piece of rolled aluminum foil in the center. Making sure to form an even single layer on the bottom and build up from there if needed.

Place the cake pan in the basket of the air fryer and press the cake setting at 320 degrees F. Set the time for 30 minutes, after 10 minutes, pause the air fryer and very carefully place a circle of aluminum foil on top of the cake pan to prevent the monkey bread from burning - please make sure the foil does not touch the top of the cooking element.

Place back in the air fryer and continue to cook at 320 degrees for another 20 minutes, the top will be very crispy and you want to make sure the dough in the center is cooked through.

Let cool for about 10-15 minutes, before removing the cake pan from the basket.

To serve: Place a plate on top of the cake pan and quickly flip over, remove the cake pan and serve warm.
