After connecting to WiFi and opening the Instax Share app, Select from Photos **or** Take a Photo

* Internet connection required

Select From Photos

Your photo library

Reprint

Print another copy — GREAT if someone else in the group wants a copy too!

Take a Picture

use your smart-phone or tablet

Real-time Template

Uses location information to create prints with weather, location, etc. *

Select From SNS

Access images from Facebook & Instagram to print*

Settings

Change printer password, select SP1 or SP2, OSS and Intelligence Filter

---

From "Select from Photos" or "Take a Picture"
Using Edit & Templates

What you'll see:
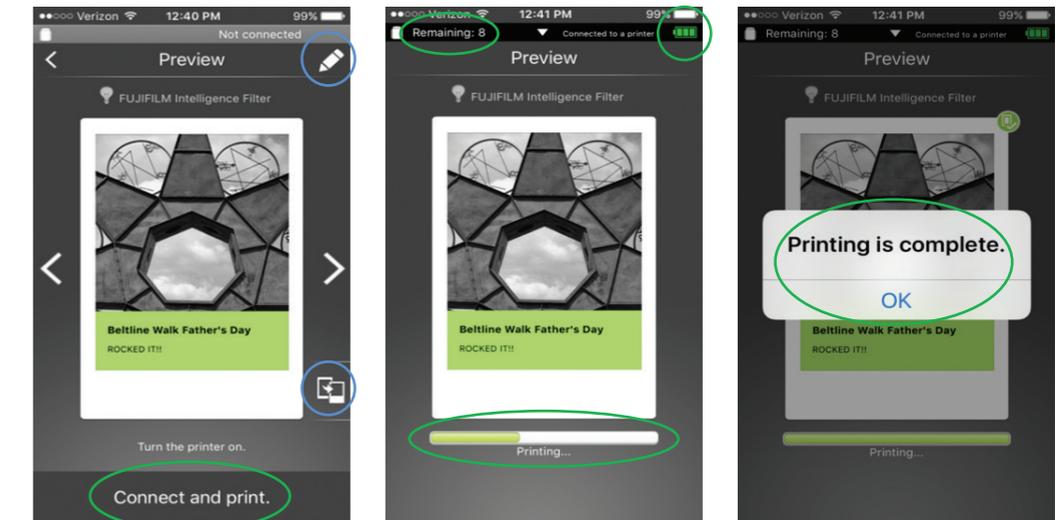

Edit an image via the 'Pencil' or from the Templates ICON

Select CONNECT and PRINT

STATUS: see # of prints remaining, battery life and a pop-up when film cartridge is empty

When Printing is complete select OK

Template Options

Editing from the Pencil or Scrolling through the Templates icons allows tons of creativity.

Multiples
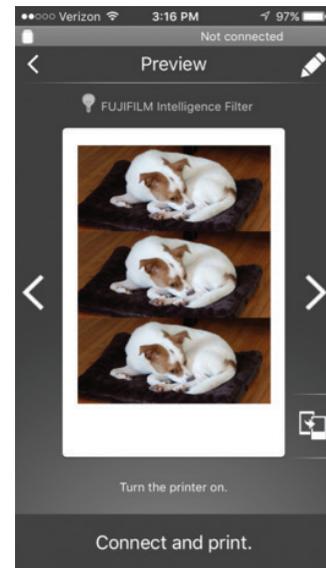

Split Photo
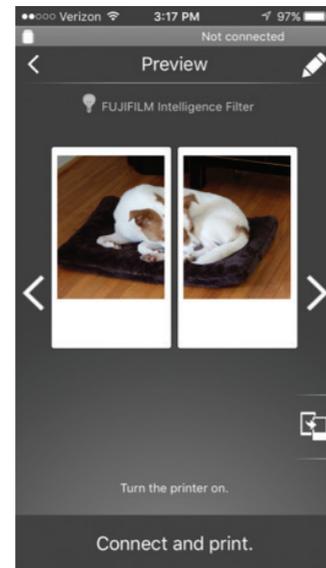

B&W
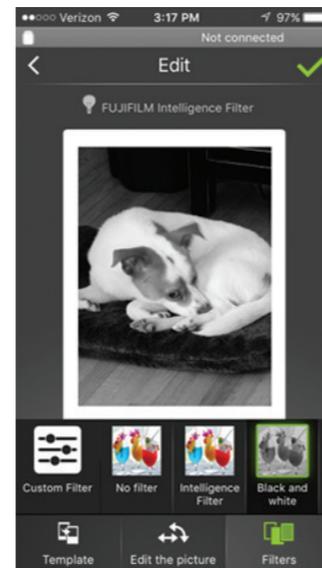

Sepia
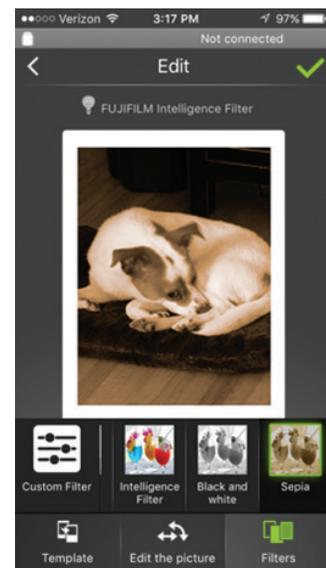

Photo Collage
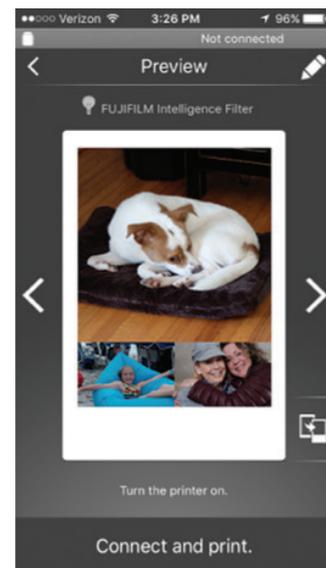

There are FIFTY templates and you can even change color images to B&W or Sepia!!

How To

Printing from your tablet or smart phone:

1. **Load the instax SHARE app** to your device (Google Play or App Store)
2. Turn the **printer ON**
3. **Access SETTINGS** in your **device to connect** to the Share printer **via WiFi**
4. **Open the instax SHARE printer app**
5. **Select from options** to Take a picture, Choose from Photos, Choose from SNS (Instagram or Facebook images), create a Real Time Template, Reprint an image or Change your Settings (this is where you can change your password)
6. Allow the app to access your photos, select **OK to Print** and here comes your print!

You can print directly from your X Series camera to the Share Printer! ENSURE THE APP HAS BEEN UPDATED TO FIRMWARE V 1.19 from 1.13

1. Turn the **camera ON** (make sure the printer is ON, too!)
2. Press **PLAYBACK** to select your image
3. Select **MENU/OK** and scroll to **Instax Printer Print (in the GREEN Tabs)**
4. Select **OK to Transmit** and here comes your print!

If you've not yet properly introduced your X Series camera and printer do this (one time and done!):

1. Access **SET-UP MENU (a BLUE Tab or wrench)** and select **CONNECTION SETTINGS**, then arrow to the right
2. Select **Instax Printer Connection Settings**, arrow to the right
3. Enter SSID (serial number on the bottom of your Share printer)
4. Enter password (factory default is 1111 but you can change it later via the Instax Share app in your phone!)

Now, follow the instructions from #1X, above, to print your image.
