

G910

Orion Spark Mechanical Gaming Keyboard

THE WORLD'S FASTEST RGB MECHANICAL GAMING KEYBOARD

1. Romer-G Mechanical Switches

Logitech's exclusive switches deliver up to 25 percent faster actuation than other top gaming keyboards and improved durability up to 70 million keystrokes.

2. Intelligent RGB Illumination

Customize individual key lighting for specific games or game events from a palette of 16 million colors.

3. 9 Programmable Buttons

Create up to 27 custom games across three profiles for ultra-fast maneuvers.

4. Quick-Access Media Controls

Strategically grouped control keys plus an onboard roller bar put play, pause, skip, mute and volume in easy reach.

5. 113 Key Anti-Ghosting

Your inputs are reliably registered without delay.

6. Arx Control Integration

View critical in-game information and system stats with our exclusive app for iOS and Android smartphones and tablets plus a built-in device dock.*

Orion Spark revolutionizes RGB gaming keyboards with exclusive new Romer-G mechanical switches that offer up to 25 percent faster actuation. Intelligent RGB Illumination lets you customize every key from a palette of 16 million colors. With 9 individually customizable G-Keys, individual commands and macros are at your fingertips. Orion Spark redefines gaming speed and control so you leave nothing to chance.
